### HOSTETTER'S STOMACH BITTERS.

Ir is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the sys-

cess of strengthening hature, enable the sys-tem to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nan-sea, Flatulency, Loss of Appetite, or any Billous Complaints, arising from a morbid inaction of the Stemach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrines, dysentery or flux, so generally con-tracted by the sections and council principally

brarrhora, systitery, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation Dyspensia, a disease which is probably more prevalent, in all its various forms, than any prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanted based many signific exteriors, which is a cannot but satisfy the most skeptical that this remetity is really deserving the great exhaults the metity is really deserving the great exhaults the metity is really deserving the great exhaults the metits of a ten years trial before the American physician and sale in terms of a ten years trial before the American physician and sale in terms of a ten years into before the American physician and sale in terms of a ten years into before the American physician and sale in terms of the American proper and physician and sale in terms of the American proper and preparation extent. preparation in the scale of medical science.

Fever and Agus.—This treins and the scale of medical science.

Fever and Agus.—This trying and provoking disease, which fixes its relentless grasp on BALSAMIC CORDIAL. dow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary parsuits, but promote sound sleep and healthy digestion, the complaint is re-moved as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Veurs, who are

suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strongth and vigor, and need only be tried to be appreciated. And to a mother while musing these litters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness. CAUTION .-- We caution the public against using

any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STONACH BITTERS. and see that each bottle has the words "Dr. J. THIS CELEBRATED PREPARA-I tion, the the Bitters, may be confidently re-lied on. It is designed for a class of diseases more general and more tatal than any other to which the people of this country are subject—those springing from a "slight ond." That emittent nuthority Dr. Hell, says: "I will not say that colds are to Dr. Bell, says: "I will not say that colds are to our introductions what the planue and wilsow fever are to those of other countries; but I can aver complicity and mornality than these latter."

A farther proof of the terrible fatality of diseases resulting from a "common cold" may be seen by a plance at the following smissire, taken from the Records of the Board of Health of Philadelphia, contessedly one of the most healthy localities in the Union:—

confessedly one or the Philadelphia the Union --1859—Total deaths in Philadelphia Philadel Consumption ----- 1,912 | Died of Consumption . . . . 1,912 | Died of all other diseases (250 in number) . . . . . . . 8,349 Died of Consumption ..... 1,895 Died of all other diseases ... 7,854

From these figures, it will be seen that nearly caused by Consumption, to say nothing of the nu-merous other discuses springing stem a "slight Do not trifle with your health; but, if suffering from a Cough, or Cold on the Langs, buy a bottle of HOOFLAND'S BALSAMIC CORDIAL, and ou may safely count on a cure.
